

76th International Competition for Radio&Podcast, TV and Digital

Loud and Clear

Torino, 1 – 4 October 2024

Under the High Patronage of the President of the Italian Republic

Press Conference: 16 September - 12:30

Radio and TV Museum - Rai Torino TV Production Centre

www.prixitalia.rai.it

EVENTS PROGRAMME

The Prix Italia is an international competition organized by Rai that rewards the best of Radio, Television and Multimedia productions since 1948.

The 76th edition will take place in **Torino** from **1st to 4th October**. This year, the Prix is part of the celebrations for **Rai 70/100** and the **150th anniversary** of the birth of italian inventor **Guglielmo Marconi**. The slogan chosen for the 76th edition, which marks the return of the competition to the Piedmontese capital after nine years, is **"Loud and Clear"**. "Loud and Clear", in fact, is the response message that Marconi received from overseas, when he launched his first call: "Can you hear me?". It is also the distinctive feature of the unmistakable and reliable voice of public service broadcasters.

Once again, the Prix Italia wants to present itself as a meeting place and exchange between different cultures, languages and media. The **252 programmes** in competition, sent by **76 broadcasters** from **50 countries**.

All the events and guests' names listed here are provisional and subject to changes (TBC).

The scheduled events will be broadcast in dual language on RaiPlay - not geo-blocked.

All events will be available on site through transcription in your own language on smartphones, thanks to the EBU Eurovox tool. Many of the events will be available in Sign Language and/or with cochlear system wi-fi amplification. All events are entrance free and open to the public through accreditation or, for previews screening, subject to seat availability.

The international working groups will take place behind closed doors.

Accreditations are open daily from 10:00 to 18:00 at the Rai Radio and Tv Museum Hall.

Times are UTC+2 (Italian time).
